STRATEGIC PLAN

2025 - 2030

***Creating a Bright
Future in a
Changing World***

Our Motto

“Raising Tomorrow’s Leaders”

KINGDOM CULTURE CHRISTIAN SCHOOL

Our Vision

Kingdom Culture Christian School (KCCS) has the vision of “Raising Tomorrow’s Leaders” who will make a Godly and positive impact on society.

Our Mission

KCCS pursues its vision from a Biblical perspective by aiming to be authentically Christian. We aim to nurture students into a personal relationship with Christ, infuse all areas of learning with Biblical worldview, and equip students with relevant entrepreneurial skills to help them thrive in the real world.

OUR SCHOOL

Kingdom Culture Christian School (KCCS) is an educational institution founded on Biblical beliefs and Christian values. At the same time, KCCS is a school steered by an innovative and future-focused mindset that enables our students to not just survive but thrive in a changing world. There is as much focus on the quality of education as there is an emphasis on developing a culture of honour and respect.

OUR STUDENTS

Our students come from diverse family backgrounds and cultural heritage. Parents and carers choose KCCS for their children because of our safe, supportive, welcoming and nurturing environment. We place a high value on attributes such as humility, respect, tolerance, empathy, integrity, self-awareness, inclusiveness, and other core Christian values and principles. We focus on developing timeless and transferable skills that are important to have in any profession such as problem-solving, teamwork, effective communication, perseverance, assessing risks, financial literacy, and many other important life skills.

From the CEO

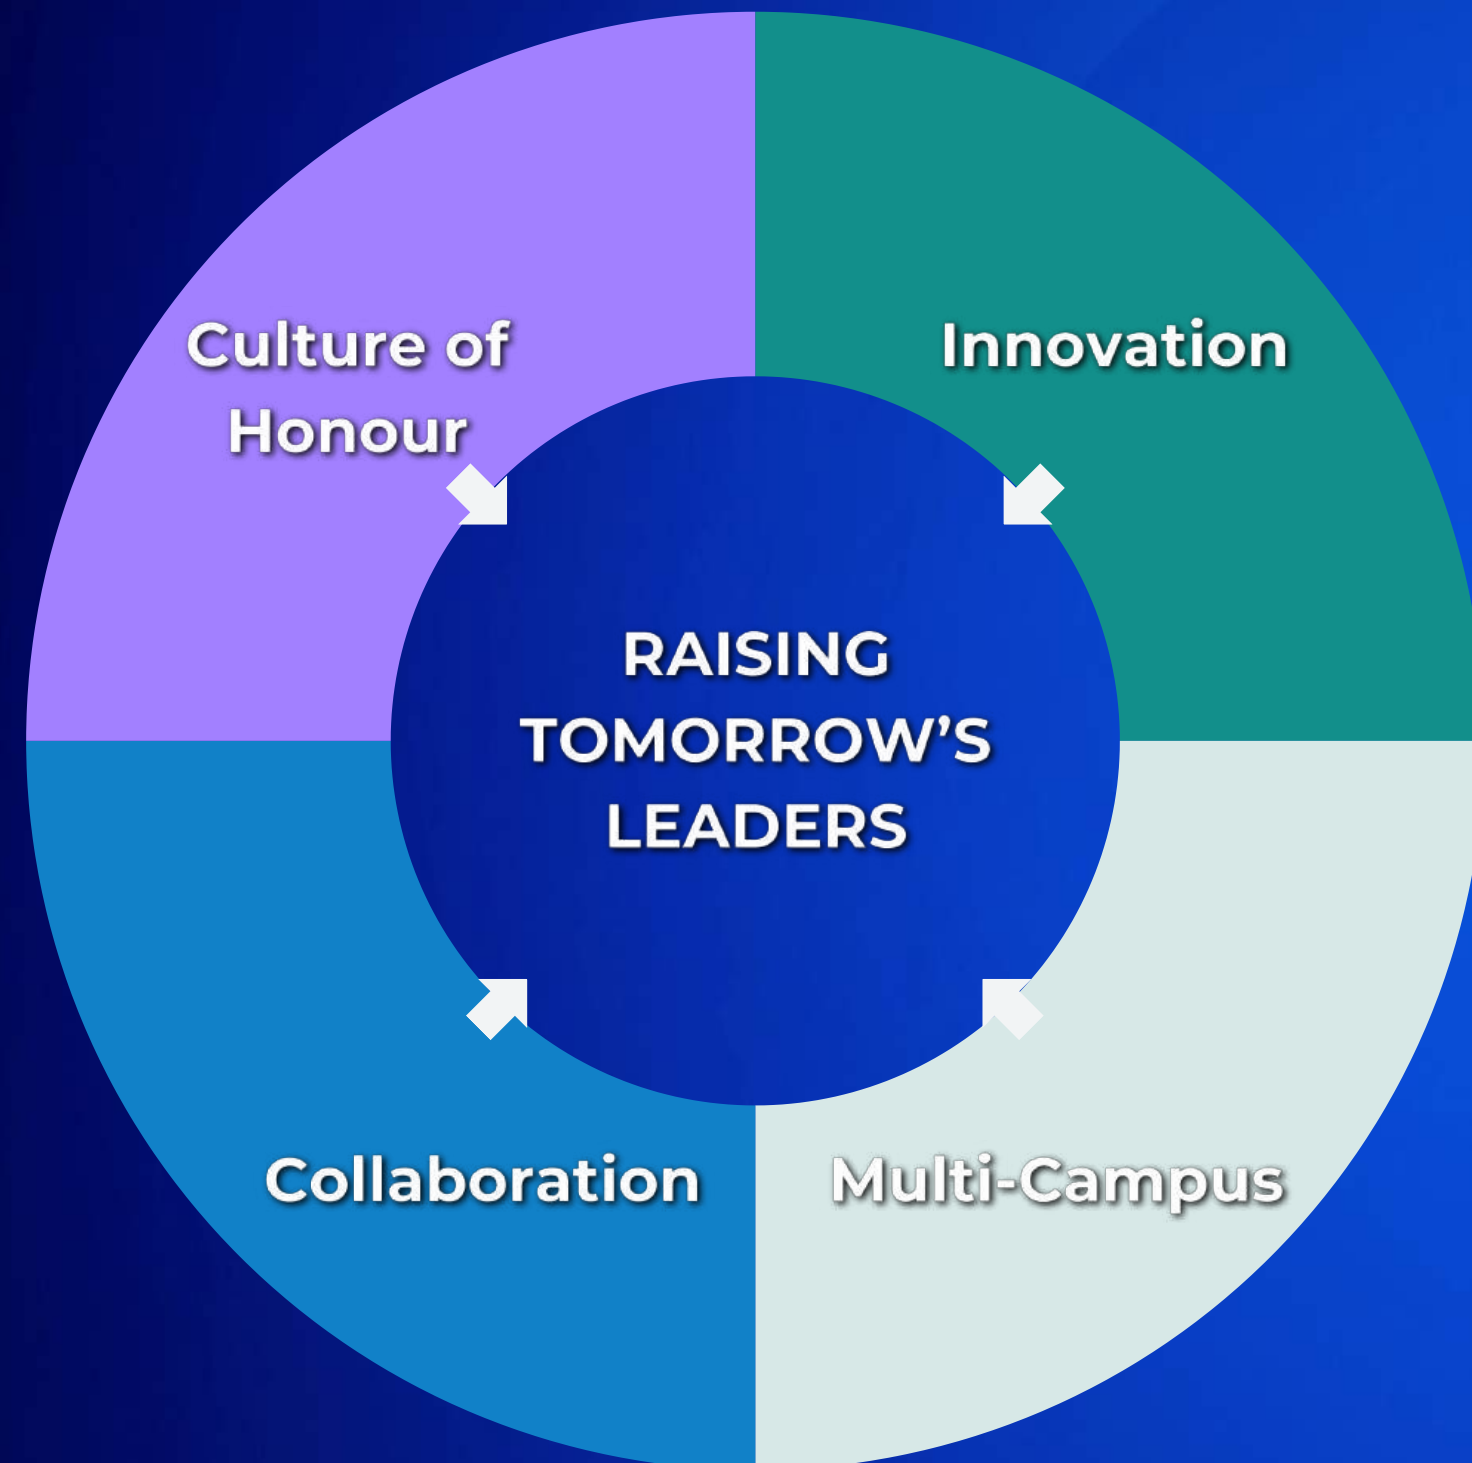

After revisiting the original vision and mission of Kingdom Culture Christian School (KCCS), and carefully considering the insights from multiple surveys of the whole school community, leadership discussions, and consultations with board members, we are excited to present our 5-year Strategic Plan for 2025-2030. This plan aligns with our core goal of "Raising Tomorrow's Leaders" by equipping our students with the knowledge, skills, and character they need to thrive in an ever-evolving world. Through this process of reflection and collaboration, we have identified four key areas of focus that will guide the growth and development of KCCS over the next five years: Culture of Honour, focus on Innovation, Collaboration, and establishing a Multi-Campus Network.

Mr Ben Irawan

STRATEGIC PLAN

2025 - 2030

The **Culture of Honour** will foster respect, integrity, and leadership among students, encouraging them to reflect Christ-like values in all areas of life.

The focus on **Innovation** will drive creativity, critical thinking, and entrepreneurship across our curriculum, empowering students to solve real-world problems and become pioneers in their fields.

By focusing on **Collaboration**, we will strengthen teamwork and partnerships—between students, teachers, and external organisations—promoting mutual growth and shared learning.

Finally, developing a **Multi-Campus Network** will enable KCCS to expand its reach across NSW and beyond, establishing a network of interconnected campuses that share resources, expertise, and innovative practices. This strategic plan will guide us as we cultivate an environment that prepares students to be future-ready leaders, fully equipped to make a positive impact on the world.

Independent Surveys

*“The survey results affirmed the extremely high regard in which Kingdom Culture Christian School is held by its entire community. Especially, with the School’s unambiguous and coherent Christian ethos, its supportive, safe and caring environment, its focus on individual students’ needs, the high quality of its teaching staff, and the intimate sense of community.” - **Dr Stephen Codrington***

 HIGHLIGHTS FROM SURVEY
CONDUCTED BY AISNSW 

WHAT PARENTS SAY

100% of parents agree that their children feel safe in their classes

96% of parents agree that the quality of education their children receive meets their expectations

 HIGHLIGHTS FROM SURVEY
CONDUCTED BY AISNSW 

WHAT STUDENTS SAY

93% of students agree that their teachers know their learning strengths and challenges

83% of students agree that the school gives them opportunities to “make a difference” by helping other people, school, or community

 HIGHLIGHTS FROM SURVEY
CONDUCTED BY AISNSW 

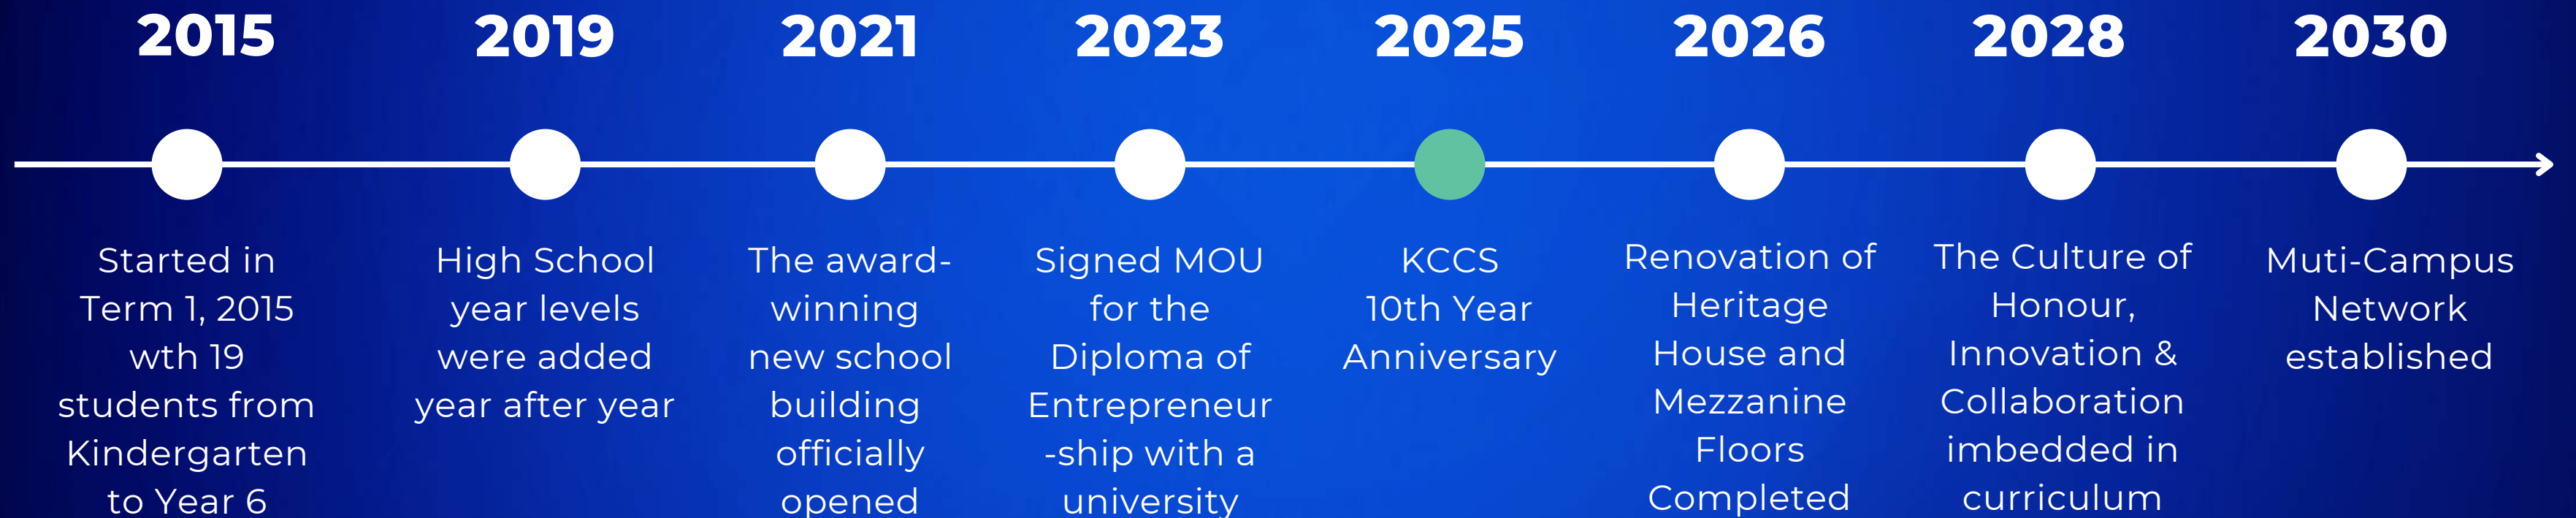

AREAS TO BE EXPLORED

71% of parents agree there are enough opportunities for their children to engage in sport beyond the curriculum

65% of parents agree that there is enough variety in the co-curricular activities provided
